

Scanco Multi-Bin for Distributors

Improves inventory quality, accuracy, and efficiency.

Intelligent Multi-Bin is designed with distributors in mind. It can grow with your organization, allowing you to have full-blown warehouse management.

Distribution Features

- Directed Picking
- Directed Putaway
- Wave Pick Sheets
- Transfer & Rotate Inventory
- Reserve and Release Inventory
- RF, Wireless, & Apple Integration
- License Plate Pallet & Case pack Inventory

Scanco Multi-Bin reduces inventory shrinkage and obsolescence.

Includes the experience of 20 years of integration exclusively for Sage 100. It provides seamless multi-bin and warehouse management system (WMS) functionality integrated for Sage 100 ERP.

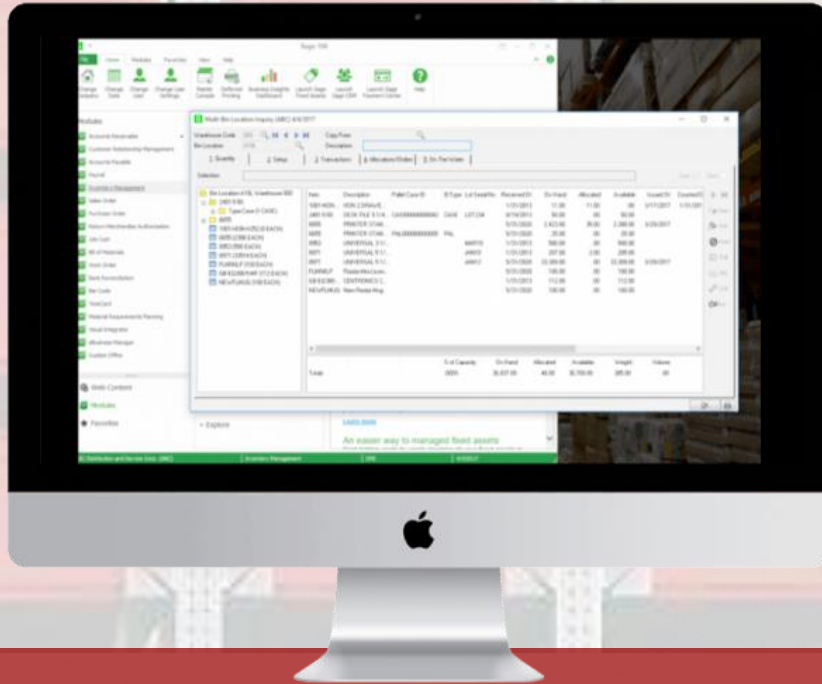

It is flexible to set up in order to achieve quick start-up and simple design or can be set up for more advanced needs utilizing WMS features.

The built-in Directed Picking and Directed Putaway features provide comprehensive options. It is compatible with most extended solutions, developer enhancements, and business object integration.
